AIHC & Arch-C-101: Political History of India (Circa 600 B.C. - 300 A.D)

This course introduces to the students a gradual evolution of ancient Indian polity from the age of Mahājanapadas to the age of foreign incursions during the Pre-Gupta period. Beginning with a general description of the political condition in the sixth century B.C., emergence of Magadhan empire and Alexander's invasion of India are described in the first two units while the origin, development and decline of Mauryan empire are dealt with in the third unit. The political history of Post Mauryan era and the foreign incursions of this period are the subject matters of the last two units.

Unit I : Political Condition of India from 6th Century B.C. to 4th Century B.C.

1. Political Condition in the sixth century B.C. (Mahājanapadas and Republics).
2. Rise of Magadha empire from the Haryanka to the end of Nanda dynasties.

Unit II : Foreign Invasions (Persian and Macedonians)

3. Achaemenion Invasions of India (Cyrus, Darius I and Xerxes)
4. Alexander's Invasion of India.

Unit III : Mauryan Dynasty

5. Origin
6. Chandragupta
7. Asoka
8. Decline of Mauryan Dynasty

Unit IV : Post-Mauryan Dynasties

9. Sunga-Kanva
10. Sātavāhana
11. Āedi

Unit V : Foreign Dynasties

12. Greeks
13. Śaka (western Kṣatrapas) and Pahlava
14. Kuṣāṇa

Mard 1/4

Sushila
11.08.1

This course discusses the political history of India from the age of Imperial Guptas to the mid-8th century A.D. The political history of India under the Gupta dynasty is to be studied in detail. The life and achievements of important Gupta kings like Samudragupta and Chandragupta among others are especially focussed upon. The course also describes the political condition of India from the fall of the Gupta Empire to the rise of Kannauj. The political condition of Kashmir alongwith Sindh, Kabul and Punjab are dealt with in the fifth unit.

Unit I : The Gupta

1. Beginning of the Gupta Power
2. Samudragupta
3. Chandragupta II
4. Kumaragupta I and Skandagupta
5. The Hūṇa and the fall of Gupta Empire

Unit II : The Vākāṭaka

6. A brief History of Vākāṭaka dynasty
7. Vindhyāśakti, Pravarasena I, Rudrasena I, Pṛthvīsen I, Rudrasena II, Pravarasen II

Unit III : The Post Gupta

8. Later Guptas
9. Maukhariṣ

Unit IV : History of Kannauj

10. Puṣyabhūti Dynasty
11. Yaśovarman
12. Āyudha Dynasty

Unit V : Dynasties of North and North-West India

13. Political History of Kashmir (Karkoṭa dynasty)
14. Political History of Sindh, Śāhīs of Kabul and Punjab

AIHC & Arch-EL-01: Historical Geography of Ancient India

It is the geography of a region which plays the most crucial role in shaping its tradition and culture. This paper is an attempt to demonstrate the interrelation between history and geography. The first unit delineates the different sources of historical geography of ancient India. The second unit, besides discussing the different names by which India was known in ancient period, also describes its topography. The changing scenario of political geography is focussed in the third unit. Different aspects of geography, viz. agriculture, forestry, mines, trade and trade-routes, form the subject matter of the fourth unit.

Unit I: Sources

1. Vedic Purāṇic Literature
2. Buddhist & Jaina Literature
3. Classical Writers and Chinese travellers
4. Classical Sanskrit literature and inscriptions

Unit II: Physical Geography: Land & People

5. Name of the Countries- 1. Jambū Dvīpa. 2. India, 3. Indu, 4. Bhāratavarṣa- its divisions
6. Human Geography- Brief information about tribes
7. Growth of information about mountains, rivers and other physical features
8. Ecology

Unit III: Political Geography

9. Changing Scenario

Unit IV: Economic Geography

10. Agricultural Products
11. Forest and Mineral Products
12. Trade-routes and Ports
13. Inland and outland trades
14. Urban centres

AllC & Arch-EL-02: Cultural Heritage of Varanasi

Varanasi is not only the oldest living city of the world but also a place which epitomizes the culture and tradition of India through the ages. This course introduces to the students the rich heritage of Varanasi as manifested through religion, art and architecture. In the first unit the historical geography of Varanasi is revisited. Under the unit religious background, Varanasi is depicted to have been an important centre of various Brahmanical and Śramaṇika traditions and also a place which saw the efflorescence of many folk religions and Bhakti schools. In the third unit, art and architecture are dealt with whereas the fourth unit reiterates that Varanasi has been, since ancient times, an important educational centre. A Study of the modern literary luminaries associated with Varanasi form the subject matter of the fifth and the last unit.

Unit I: Historical Geography of Varanasi

1. As reflected in Brahmanical Scriptures
2. As reflected in Śramaṇic Scriptures

Unit II: Religious background of Varanasi

3. Popular beliefs and Practices/ Folk religions
4. Varanasi as a centre of Śaivism, Vaiṣṇavism and Śāktism
5. Centre of Buddhism
6. Centre of Jainism
7. Varanasi as a Purāṇic Tīrtha
8. Bhakti School- Vallabhacharya, Ramananda, Kabir and Raidas

Unit III: Art and Architecture of Varanasi

9. Monuments- Religious and Secular Buildings
10. Sculptures with special reference to Sarnath School of Art
11. Paintings
12. Performing art; Folk art and craft of Varanasi

Unit IV: Varanasi as a centre of Education

13. Sanskrit Studies. (i) Literature, (ii) Grammar, (iii) Astrology and (iv) Āyurveda

Unit V: Literary Luminaries of Varanasi

14. Bhartendu Harischand
15. Munshi Premchand
16. Jai Shankar Prasad.

VOCATIONAL COURSE
Archaeology and Museology,
Arch & Mus-VC-01: History and Elements of Indian Archaeology

Establishing the importance of Archaeology in the reconstruction of past is the main thrust of this course. Besides establishing the theoretical propositions, this course intends to impart practical knowledge of archaeology as well. In the first unit the basic concept of Archaeology and its relative importance is brought to the fore. Methods of Explorations and Excavations alongwith stratigraphy and different dating methods will be studied in second and third units. Evolution of Archaeology as a discipline in the last one and half centuries and the contribution of some noted archaeologists form the subject matter of fourth and fifth units.

Unit I : Introduction to Archaeology

1. Definition, nature and scope
2. Archaeology, its relation with other sciences (Social and Natural.)
3. Archaeology as a source of ancient history

Unit II : Methods of Data Retrieval and New trends in Archaeology

4. Methods of explorations.
5. Methods of excavations (Vertical, Horizontal and Quadrangular)
6. Marine Archaeology and New Archaeology

Unit III : Chronology and Dating Methods

7. Stratigraphy
8. Relative Chronology and Absolute methods of dating

Unit IV : History of Archaeology

9. Progress of Archaeology in the West
10. Growth of Archaeology in India

Unit V : Archaeologists in India

11. Sir Alexander Cunningham
12. Sir John Marshall
13. Sir Mortimer Wheeler
14. Amalanand Ghosh
15. H. D. Sankalia
16. S. R. Rao

Recommended Readings:

IIIrd Sem: IIIrd year Paper.

AJHC & Arch-C-201: Political History of North India (Circa 750 A.D. - 12th A.D.)

This course introduces to the students the general features of political history of North India from mid-8th century to 12th century A.D. This age witnesses the emergence of various local and regional dynasties in North India. The role and significance of Pratihāras and Pālas in shaping the political landscape of North India are the subject matters of the first unit. The history of Kashmir is discussed in the second unit whereas that of Candellas and Kalacuris is described in the third unit. The Paramāras and the Gāhaḍavāls are dealt within the fourth and fifth units respectively.

Unit I : Rise and Fall of Pratihāras and Pālas

1. Origin and Rise of Pratihāra
2. Vatsavāja, Nāgabhāṭa II and Mihira Bhoja
3. Fall of Pratihāra
4. Rise of Pālas upto Devapāla
5. Fall of Pāla Empire

Unit II : The History of Kashmir

6. Utpala Dynasty and Lohara Dynasty
7. The Kalacuris of Tripuri

Unit III : The Candellas and the Kalacuris of Tripuri

8. History of Candellas upto Vidyādhara
9. History of Kalacuris upto Lakṣmīkarmā
10. Fall of Kalacuris

Unit IV : The Paramāras of Malwa and Caulukyas of Gujarat

11. History of Paramāras upto Bhoja
12. History of Caulukyas upto Kumārapāla

Unit V : The Gāhaḍavāls of Kannauj and Cāhamānas of Śākambharī

13. History of Gāhaḍavāls upto Jayacandra
14. History of Cāhamānas upto Pṛithvirāja III

Recommended Readings :

**AUIC & Arch.-C-202: Political History of South India
(Circa 750 A.D. - 13th Century A.D.)**

This course introduces to the students the general features of political history of South India from 750 A.D. to 12th century A.D. This region did not witness the foreign invasions but saw the efflorescence of many dynasties and some very prominent kings. The dynasties of Cālukyas and Rāṣṭrakūṭas are dealt within the first and second units respectively. The significance of Colas is discussed in the third unit whereas Pallavas and Pāṇḍyas form the subject matter of fourth and fifth units respectively.

Unit I : Dynasties of the Deccan

1. Cālukyas of Bādāmī
2. Cālukyas of Vengī
3. Cālukyas of Kalyāṇī

Unit II : The Rāṣṭrakūṭas

4. Origin and rise of the Rāṣṭrakūṭas
5. History of Rāṣṭrakūṭas upto Kṛṣṇa III

Unit III : The Colas

6. Origin and rise of Cola power
7. Rājarāja, Rājendra, Rājādhiraṇa I
8. Decline and fall of Cola empire

Unit IV : The Pallavas of Kanchi

9. Origin and rise of Pallavas
10. Early Pallava rulers
11. History of Pallavas upto Narasiṁhavarman I

Unit V : The Pāṇḍya Dynasty of Madurā and Yādavas of Devagiri

12. First and Second Pāṇḍya dynasty
13. History of Yādava upto Rāmacandra

AIHC & Arch-EL-03: Main Currents of Ancient Indian History

This Course introduces to the students the main currents of Indian history especially in its cultural context. It provides a bird's eye-view of the evolution of Indian civilization from the Stone Age to the emergence of Indo-Islamic culture. Beginning with the Stone Age and analyzing the Aryan problem in the first unit the revolutionary changes of the sixth century B. C. are brought to the fore in the second unit. How did the foreign incursions effect the Indian culture is discussed in the third unit whereas the distinguishing features of the classical age and origin of feudalism form the subject matter of the fourth unit. The early medieval period is marked by the philosophy of Śaṅkarācārya and the arrival of Islam. This is focussed in the fifth Unit.

Unit I: Prelude to Civilization

1. Neolithic revolution
2. The Aryan problem-some recent trends and its relation
3. Sarasvati-Sindhu civilization

Unit II: Age of Revolution and Dominance of Magadha Empire

4. Sixth Century B. C.- A Revolutionary Era-
 - (i) Rise of early cities
 - (ii) Growth of Magadhan empire
 - (iii) Development of trade and agriculture
 - (iv) Emergence of religions

Unit III: Foreign Invasions and Vedic revival

5. Foreign incursions and their impact
6. Vedic revival

Unit IV: Classical Age and Disintegration of Empire

7. India's trade and cultural relation with outside world
8. Classical age or Urban decay
9. Indian Feudalism

Unit V: Age of Transition and Arrival of Islam

10. Śaṅkarācārya and the age of transition
11. Islamic arrival and Indo-Islamic culture

AIHC & Arch-EL-04: Indian Culture and Human Values

The ethos of Indian culture has been value-oriented throughout the ages. The rich literary heritage of India is a treasure of values and ethics to be acquired, pursued and imparted to the future generations of the present day. An enquiry into varying dimensions of human values may lead to furtherance of our knowledge and to ethical values suited for the modern world.

Unit I: Introduction

1. Importance of study of human values as reflected in Indian culture; salient features of Indian system
2. Sources of study for human values
3. Indian culture and its value ethos
4. Changing dimensions of human values

Unit II: Indian Culture and its life view

5. Attitude towards nature
6. Environment as integral ethos of life
7. Universality of Indian culture

Unit III: Human Values for Individual

8. Dharma as a regulator of life
9. Āśrama theory as a foundation of personal value
10. Concept of R̥jas- fulfilling obligations
11. Concept of Puruṣārtha- a holistic approach to life

Unit IV: Human Values of Social Life

12. The Varna theory: Functional division of society
13. Ethics of mutual relations: Religious, Social and Economic
14. Responsibilities, rights and privileges of members of family

Unit V: Rājadharma

15. Duties of a ruler
16. Responsibilities and role of citizens towards social well being

VOCATIONAL COURSE
Archaeology and Museology

Arch & Mus-VC-02 : Survey of Archaeological Sites and Remains

This Course introduces to the students the basic concepts of Archaeological sites, iconography and paintings of India. A few selected monuments and epigraphs of Aśoka, Khāravela and Samudragupta are studied and analysed in detail. Salient features of iconography as manifested through Buddhist, Jaina, Śaivite and Vaiṣṇavite traditions will also be studied in the Indian context. The course also includes some selected rock-paintings of Mirzapur, Bhimbetaka, Pachmarhi and miniature paintings as exemplified in Mughal, Pahari and Rajasthani styles.

Unit I : Survey of Archaeological Sites

1. Historical value of sites
2. Important sites in India : Viḍiśā (Madhya Pradesh), Nalanda (Bihar), Sarnath (Uttar Pradesh), Arikamedu (Tamil Nadu) and Brahmagiri (Karnataka)

Unit II : A brief Survey of Archaeological Monuments

3. Aśokan Pillars
4. Ellora
5. Delhi
6. Agra
7. Bijapur

Unit III : Survey of Epigraphs and Numismatics in India

8. Rock Edit II and XIII of Aśoka (Girnar)
9. Hathigumpha inscription of Khāravela (Orissa)
10. Allahabad pillar inscription of Samudragupta (U. P.)
11. A survey of ancient Indian coinage

Unit IV : Salient Features of Iconography:

12. Important Buddhist, Jaina, Śaiva and Vaiṣṇava Iconography

Unit V : A Survey of Rock Paintings

13. Mirzapur, Bhimbetaka and Pachmarhi
14. Miniature Paintings: Mughal, Pahari and Rajasthani Paintings

*AHIC & Arch-C301: Ancient Indian Religions : Vedic
and Purānic Religion I Paper*

This course introduces to the students the basic ideas and features of ancient Indian religions as manifested through Vedas and Purāṇas. Beginning with the primitive religious beliefs, the Vedic pantheon and sacrifices are focussed upon. Teachings of Bhagavadgītā are pronounced in detail whereas the core of Purāṇic religions is sought to be established through Avatārvāda and Pañcadevopāsanā. Various cults like Vaishnavism, Śaivism and Śāktism have played a prominent role in popularizing the basic tenets of Purāṇic religion. This, alongwith the relevance and significance of Saura and Gāṇapatya minor cults, forms the subject matter of the fifth unit.

1

Unit I : Introduction

1. Meaning and Nature of Dharma
2. Antiquity of Religion - Primitive religions and beliefs; Indus Religions

Unit II : Vedic Religions

3. Early Vedic Religion - Origin, nature and classification of Gods and sacrifices
4. Later Vedic Religion - Gods, sacrifices and concept of Brahma and Ātmā

Unit III : Teachings of Bhagavadgītā

5. Jñānayoga
6. Bhaktiyoga
7. Karmayoga

Unit IV : Purāṇic Religions

8. Avatārvāda
9. Pañcadevopāsanā
10. Tirtha (Kashi, Prayaga and Gaya), Vrata and Dāna

Unit V : Cult Worship

11. Vaishnava
12. Śaiva
13. Śākta
14. Saura and Gāṇapatya

AIHC & Arch-C-302: Ancient Indian Religions: Śramaṇic- Jainism and Buddhism

Along with Vedic traditions, Buddhism and Jainism played crucial role in giving shape to ancient Indian culture. This course introduces to the students the basic features of the Śramaṇa traditions which include within its fold Buddhism and Jainism. Life and teaching of Mahāvīra, basic philosophical ideas of Jainism and its spread are discussed in IInd and IIIrd units. In the fourth unit life and teachings of Buddha is dealt with whereas Buddhist councils and their importance and also the spread and decline of Buddhism form the subject matter of the fifth unit.

Unit I : An introduction to Śramaṇa tradition

1. Antiquity of Śramaṇa Tradition'
2. Religious condition during the 6th century B. C.

Unit II : Jainism

3

3. Life and teachings of Pārśvanātha and Mahāvīra
4. Division of Jaina Church into Śvetāmbara and Digambara sects
5. Spread of Jainism in Gujarat, Deccan and South India

Unit III : Jaina Doctrines

6. Jīva and Ajīva
7. Bondage and liberation
8. Anekāntavāda and Syādvāda

Unit IV : Buddhism

9. Life and teachings of Gautama Buddha: Four Noble Truths, Pratītyasamutpāda and concept of Nirvāṇa

Unit V : Early History of Buddhism

10. Buddhist Councils
11. Hīnayāna and Mahāyāna sects
12. Spread of Buddhism in India
13. Decline of Buddhism

AH& Arch-EL-05: History of Ancient Indian Literature (Sanskrit, Pāli, Prākṛta and Saṅgama Literature)

Literature is perhaps the most important and comprehensive source of history. This Course seeks to establish the importance of different literary sources of ancient India. Various facts of Vedic and Sūtra literature are discussed in the first unit whereas the Itihāsa-Purāṇa tradition as reflected in Epics and Purāṇas is dealt with in the second unit. Buddhist literature including the Pāli canonical work is the subject matter of the third unit. Relevance of Prākṛta literature and the nature of Saṅgama literature is focused in the fifth unit.

Unit I : Introduction

1. Nature, aims and objectives of Literature
2. Language and contents of Literature

Unit II : Vedic Literature

3. Nature and Classification
4. Historical Value of Veda-Vedāngas

Unit III : Epics and Purāṇas

5. Epics (Rāmāyaṇa and Mahābhārata)
6. Purāṇas and Upapurāṇas (Matsya and Sāmba)

Unit IV : Śramaṇic Literature

A. Buddhist:

7. Tripiṭaka-Vinaya Piṭaka, Sutta Piṭaka and Abhidhamma Piṭaka
8. Non-Tripiṭaka- Milind Pañho and Dīpavaṇīsa

B. Jain

9. Āgama Literature
10. Historical contents of Dvyāśrayakāvya and Harivāṁsapurāṇa

Unit V : Sangam Literature

11. Nature, Classification and Historical Value of Saṅgama Literature

Unit VI : Carita literature and Historical Dramas

12. Harṣacarita, Mālavikāgnimitram and Mṛcchakaṭikam

VOCATIONAL COURSE
Archaeology and Museology

Arch & Mus-VC-03: History of Museum and Collections

The cultural heritage of any society is preserved through the museums. To reiterate the fact that it is the museums which communicate to the world at large the rich tradition of India, is the focus of this paper. Pronouncing the meaning and scope of museum along with a brief description of its history forms the subject matter of the first unit. Different types of museums are discussed in the second unit. The third unit deals with various laws related to the conservation and preservation of antiquities whereas the fourth unit describes some important museums of India. Various methods and techniques employed for collection of objects, their documentation and presentation are sought to be studied in the fifth unit.

Unit I : Introduction to Museum and Museology

1. Definition, Aims and Scope
2. History of Museum movement in India
3. History of Museology

Unit II : Different types of Museums

4. Art and Archaeological Museums
5. Agricultural Museums
6. Natural History Museums
7. Eco Museums
8. National Museum, New Delhi
9. Indian Museum, Kolkata
10. Bharat Kala Bhawan, B. H. U., Varanasi

Unit III: Functions of Museums

11. Collection
12. Documentation
13. Presentation
14. Preservation

Unit IV : Antiquarian Laws and Legislation

15. Indian Context- Antiquity and Art Treasure Act, 1972
16. World Context- UNESCO Convention

Unit V : Methods of acquisition of objects for Museums

17. Purchase, Gift
18. Loan, Exchange
19. Excavation, Exploration etc.

Recommended Readings :

AIHC & Arch-C-401: Ancient Indian Social Life and Institutions

Social history happens to be the core around which the historical reconstruction of any civilization takes place. This course introduces to the students the basic social ideas and institutions of ancient India. Social stratifications through Varṇa-Āśrama system and the necessity and significance of the institutions of marriage and family are discussed in first two units respectively. The health of any society is manifested through the position a woman enjoys. This is brought to the fore in the third unit. The ethical values cherished upon and the ideal behaviour patterns are the subject matters of the fourth unit, while the fifth unit describes the educational system of ancient India.

Unit I : Varṇa-Āśrama System

1. Origin and development of Varṇa
2. Origin, development and significance of Āśrama
3. Varṇa and emergences Jāti
4. Impact of Feudalism on society

Unit II : Marriage and Family

5. Meaning and aim and objectives of marriage
6. Types of marriages and their significance
7. Concept and component of family

Unit III : Position and Role of Women

8. Position and status of women in society
9. Role and contribution of women to society

Unit IV : R̥ṣa, Puruṣārtha and Saṁsakāras

10. Types and significance of R̥ṣa
11. Concept and significance of Puruṣārtha
12. Aims, types and significance of Saṁsakāras

Unit V : Education System

13. Aims and objectives of education
 14. Important centers of education: Nalanda, Vikramaśilā, Kashi and Taxila

AIHC & Arch-C-402: Ancient Indian Economic Life and Institutions

This course introduces to the students the idea that it is the economic condition of any society which throws light upon the plight of common people. Beginning with the primitive economy and traversing through the Mauryan and Gupta stages, the evolutionary aspect of ancient Indian economy is brought to the fore in the first two units. Various economic institutions like credit, banking, guilds and land ownership are discussed in the third unit. Main features of money economy alongwith maritime trade and trade-routes form the subject matter of the fourth unit whereas the salient features of revenue and taxation are analyzed in the fifth unit.

Unit I : Stages of Indian economy upto 6th century B. C.

- ✓ 1. Primitive Economy
- ✓ 2. Harappan Economy
- ✓ 3. Vedic Agriculture
- 4. Economic condition during the sixth century B. C.

Unit II : Stages of Indian Economy from 6th Century B. C. to 12th Century A. D.

- 5. Economic progress in the Mauryan period
- ✓ 6. Indo-Roman trade c. 200 B. C. – 300 A. D.
- 7. Economic progress in the Gupta period
- 8. Main features of early medieval economy

Unit III : Economic System and Institutions:

- ✓ 9. *Vartā*; Meaning and significance
- ✓ 10. Land ownership
- 11. Credit and banking system
- ✓ 12. Guilds

Unit IV : Money Economy and Trade-routes

- ✓ 13. Exchange and Currency
- 14. Maritime trade and trade-routes.

Unit V : Revenue and Taxation

- 15. Land revenue and salient features of taxation

AIHC & Arch-EL-06: Cultural Anthropology

Cultural anthropology is a branch of study which deals with the evolution of man in his cultural context. Beginning with the meaning and scope of anthropology in the first unit the defining features of culture are discussed in the second unit. No culture is a homogenous mass. It consists of many parallel and often contradictory traditions, this is brought to the fore in the third unit. The fourth unit discusses the socio-economic and religious aspects of different tribes of India whereas ethnography and its methodologies are the subject matter of the fifth Unit.

Unit I: Introduction

1. Meaning and scope of Anthropology

Unit II: Culture

2. Meaning and concept of culture
3. Growth of culture - (i) Evolutionism, (ii) Diffusionism, (iii) Functionalism and (iv) Acculturation

Unit III: Civilization and its cultural Process

4. Meaning and definition of Civilization
5. Differentiation between Culture and Civilization
6. Little and great Traditions
7. Universalization and Parochialization
8. Sanskritization and Westernization
9. Sacred Complex

Unit IV: Tribes of India

10. Definition and classification of Indian tribes
11. Major Indian Tribes- Khasi, Garo, Santhal, Gond, Birhor, Tharu, Bhoksa, Jaunsar, Khas, Bhil, Baiga, Agaria and Toda
12. Economy and Subsistence (i) hunting, gathering, incipient farming, pastoralism and smithy, (ii) Production, Distribution and Consumption
13. Social systems and institutions
14. Religion

Unit V: Ethnology

15. Aims and objectives
16. Methods of field study
 - (i) Observation
 - (ii) Interview
 - (iii) Schedule

Arch & Mus-VC-04: Museum Education, Presentation and Public Relation

This paper introduces to the students the practical and utilitarian aspects of museums. How museums are used to educate the children and adults are discussed in the first unit whereas the types of visitors and their behaviour pattern are studied in the second unit. General principles of exhibition of different art objects and antiquities form the subject matter of the third unit. Museum security and Museum education are sought to be highlighted in the fourth and fifth units respectively.

Unit I : Educational Responsibility of a Museum

1. Education of Children and Adults
2. Extension Programmes - Museo-Bus and Museo-kit

Unit II : Type of Visitors and their behaviour pattern

3. Literate and Non-literate
4. Foreigners
5. Physically Challenged

Unit III : General Principles of Exhibitions

6. Type of Exhibitions
7. Show case
8. Audio-Visual Aids
9. Labelling and Lighting

Unit IV : Museum Security

10. Security Measures
11. Security against theft

Unit V: Museum and Public Relation

12. General Principles

V Semester

Paper I

AIHC & Arch-C-501: Early Indian Art and Architecture
(From Beginning to Gupta Period)

This Course introduces to the students the glorious tradition of Indian art and architecture from its very early phase. The intricacies of Indus art and the different aspects of Mauryan art and architecture form the subject matter of first and second units respectively. The unique features of Stūpa as exemplified through the Stūpas of Bharhut, Sanchi and Amaravati are discussed in the third unit. Kuśāṇa art as manifested through Mathura and Gandhara schools is dealt with in the fourth unit whereas the distinctive characteristics of rock-cut architecture are brought to the fore in the fifth and last unit.

Unit I : Nature of Indian Art and its Beginning

1. Nature, definition and salient features of Indian art and architecture
2. Primitive art: Rock Painting and Terracottas

Unit II : Indus Valley Civilization

3. Stone and Metal Sculpture, Seals and Terracottas
4. Architecture

Unit III : Mauryan Art and Architecture

5. Architecture- Palaces, Caves and Stūpas
6. Sculpture- Aśokan Capitals
7. Folk Images-Stone Images of Yakṣa and Yakṣī
8. Terracottas

Unit IV : Śuṅga-Sātavāhana

9. Stūpas-Bharahut, Sanchi, Amaravati
10. Caityas-Bhaja and Karle
11. Terracottas : Salient features

Unit V : Kuśāṇa and Gupta

- (a) Kuśāṇa Period :
12. Salient features of Mathura and Gandhara School of Art
 13. Terracottas: Salient features
- (b) Gupta Period :
14. Evolution of Gupta temples
 15. Salient features of Mathura and Sarnath School of Art
 16. Ajanta Paintings

Paper II

AHIC & Arch-C-502: Art and Architecture of Early Medieval India

The art and architecture of early medieval India is characterised by the development of different temple forms. The first unit of the course introduces the students to the intricacies of main styles of temples, namely Nāgara, Drāviḍa and Vesara, and also talks about post-Gupta temples. Temples of North India along with Khajuraho and Orissan temples are discussed in the second unit. Temples of South India which includes within its fold Cālukyan, Rāṣṭrakūṭa, Pallava and Cola temples form the subject matter of the third unit whereas the fourth unit describes the temples of Western India.

Unit I : Origins and Development of Early Temples

1. Forms of Temples: Nāgara, Drāviḍa and Vesara and their salient features
2. Salient features of post-Gupta Temples

Unit II : Temple and Sculptures of North India

3. Temple Architecture of Khajuraho
4. Candiella Sculptures of Khajuraho

Unit III : Temples and Sculptures of South India

5. Early Cālukyan Temples of Aihole, Badami and Pattadakal
6. Rāṣṭrakūṭa Temples : Kailāśanātha Temple of Ellora
7. Pallava Rathas and Structural Temples of Mahabalipuram and Kanchipuram
8. Cola Temples with special reference to Thanjavur
9. Hoysala Temples (Halebid)
10. Cola Bronzes

Unit IV : Temples and Sculptures of Eastern India

11. Temples of Bhubaneswar, Puri and Konark
12. Pāla Sculptures

Unit V : Temples of Western India

- 1. Abu Temples : Vimalavasahī and Lūṇavasahī
→ 2. Sun Temple of Modhera

IV Paper

AIHC & Arch-C-504: India's Cultural Contact with Outside World

Cross regional cultural diffusion has been an important aspect of historical evolution. A strong and vibrating civilization having its impact felt upon other contemporary cultures has been a common phenomenon of history. This course introduces to the students a general study of cultural contact of ancient India with outside world. It primarily focuses on the study of historical geography, religion, art and architecture, language and literature of Central Asia, Afghanistan, China, Tibet, Sri Lanka, Burma, Cambodia and Indonesia. This impact got manifested basically in the form of the spread of Buddhism in these regions.

Unit I : A brief Introduction to Central Asia and South-East Asia

1. Historical geography
2. Routes
3. Background of Indianization

Unit II : Central Asia and Afghanistan

4. Elements of Indian Religions in the Culture of Central Asia and Afghanistan
5. A brief survey of Archaeological remains in Central Asia and Afghanistan

Unit III : China and Tibet

6. Introduction and expansion of Buddhism in China
7. A brief introduction to Pre-Buddhist Tibet
8. Introduction and development of Buddhism in Tibet
9. Contribution of Thonmi Sambhot to Tibetan language and literature
10. Salient features of Tibetan art

Unit IV : Sri Lanka and Burma

11. Introduction and expansion of Buddhism in Sri Lanka
12. Impact of Indian culture on Burma
13. Art and architecture : Anand temple, Sigiriya murals and Ruvanveli Stūpa

Unit V : Cambodia and Indonesia

14. Elements of Indian religions in Cambodia : Śaivism and Buddhism
15. Architecture of Angkor-Vat and Borobudur
16. Indo-Javanese literature

AUHC & Arch-C-503: Concept and Methods of History Writing in Ancient India

Indian history which is not bereft of historical writings is sought to be established through this course. The first unit deals with the interrelations between myth and history and also with the manner in which the ancient Indians visualized the concept of time and space. Main features of Vedic tradition of history as reflected in Samhitās and historical legends and genealogies which galore in Epics and Purāṇas are analyzed in second and third units. How Buddhist and Jaina traditions understood the concept of history is dealt with in the fourth unit. Historical biographies and chronicles which are important sources of history writing is discussed in the fifth unit.

Unit I : The motion of History in ancient India

1. Myth and History
2. The concept of time and space

Unit II : Vedic tradition of History writing

3. Gāthā-Nārāsaṁśī
4. Gotra-Pravara
5. Dānastuti and Vaṁśāvalis of Ṛṣis

Unit III : Epic and Purāṇic Tradition

6. Udāharana and Ākhyāna
7. Manavantara, Vaṁśa and Vaṁśānucarita
8. Concept of Itihāsa-Purāṇa tradition

Unit IV : Buddhist and Jaina tradition of History writing

9. Concept and place of history in Jaina traditions with special reference to Paumacariyam and Mahavīra-carita
10. Concept and place of history in Buddhist tradition with special reference to Mañjuśrīmūlakalpa, Dīpavamīsa and Mahāvamīsa

Unit V : Historical Biographies and Chronicles

11. Place of Historical Biographies and Chronicles in history writing.
12. Carita-kāvya: Harśacarita and Vikramāṅkadevacarita
13. Historical narratives and chronicles in Rājataranginī

AIHC & Arch-C-595: Early History of India
(Origin of Man to the development of Jana and Janapadas)

This course introduces to the students the early history of man since his advent on this planet upto the use of iron in India. The first unit deals with the impact of environment on the origin and development of early man. Stone age cultures through its Palaeolithic, Mesolithic and Neolithic phases form the subject matter of the second unit. The advent of the age of metals alongwith the special features of Harappan culture are dealt with in the third unit. The Vedic age is discussed in the fourth unit whereas the role and significance of iron alongwith its antiquity is sought to be established in the fifth unit.

Unit I : Man and Environment

1. Origin of Man
2. Geographical Background

Unit II : Stone Age Cultures

3. A brief survey of Palaeolithic and Mesolithic Cultures (with special reference to Belan and Son regions)
4. A brief survey of Neolithic Cultures

Unit III : Copper-Bronze Age and Urban Culture

5. Chalcolithic Cultures of Western India (with special reference to Jorwe and Kayatha) and Gangetic Doab
6. Pre-Harappan Culture (with special reference to Kalibanga)
7. Harappan Civilization - Town Planning, Important Cities (Harappa, Mohenjodaro and Lothal)

Unit IV : Early Vedic and Later Vedic Cultures

8. Aryans Problem
9. A survey of Pre-Buddhist (Vedic-Purāṇic) ruling dynasties

Unit V : Iron Age Culture and Its Impact on Indian Culture

10. Antiquity of iron in India
11. Iron Age Cultures
12. Studies of ceramics with special reference to PGW and NBPW

Recommended Readings :

AHC & Arch-C-506: Legal Institutions in Ancient India

This paper introduces to the students the meaning and significance of legal ideas and institutions of ancient India. Origin and concept of Hindu Law forms the subject matter of the first unit whereas specific laws related to inheritance, ownership and sonship are discussed in the second unit. The nature and types of marriage alongwith the concept of *Strīdhana* is analysed in the third unit. Nature of Judiciary alongwith judicial procedure and different theories of crime and punishment are dealt with in the fourth and fifth units respectively.

Unit I : Nature and Development of Ancient Indian Law

1. Sources of Hindu Law
2. Origin and development of Hindu Law
3. The concept of *Vyavahāra* and *Vyavahārapāda*

Unit II : Ancient Indian Laws

4. Law of succession and inheritance
5. Law of ownership
6. Law of adoption
7. Law of sonship

Unit III : Marital Laws

8. Law regarding marriage
9. *Strīdhana*: its nature and significance

Unit IV : Judiciary in Ancient India

10. Types and functions of Judiciary
11. Law of evidence
12. Judicial Procedure: *Catuspada*

Unit V : Crime and Punishment

13. Law of Crimes and Tort
14. Punishment: Theories and objectives

AHC & Arch-EL-07: History of Indian Philosophical Thought

The essence of any culture is reflected through its philosophical tradition. This course introduces to the students the rich and varied dimensions of Indian philosophy. In the first unit Vedic and Upaniṣadic philosophical ideas, their similarities and differences are dealt with. The post-Vedic period, which witnessed the emergence of heterodox schools and the development of basic tenets of Bhagavadgītā, forms the subject matter of the second unit. Various Indian philosophical schools and their historical background are discussed in the third unit. Important philosophical ideas like the notion of karma, bhakti and tantra are the subject matter of the fourth unit.

Unit I: Introduction

1. Sources-Vedic literature, Buddhist and Jaina literature, Śaṅdarśana-samuccaya, Sarvadarśanasanigraha, Brhmaśūtra with Śāṅkarabhāṣya, etc.
2. Early Vedic Philosophical Ideas
3. Upaniṣadic Philosophical Ideas

Unit II: Philosophical Development of Post Vedic Period

4. Philosophical Ideas in Bhagavadgītā - Jñāna, Karma and Bhakti
5. Heterodox Schools- (i) Cārvāka (ii) Development of Buddhist Philosophy- its Background and salient features (iii) Development of Jaina Philosophy- its Background and salient features.

Unit III: Philosophical Schools and their historical background

6. (i) Sāṅkhya, Yoga, Nyāya, Vaiśeṣika and Mīmāṃsā,
(ii) Vedānta (Advaita and Viśiṣṭādvaita)

Unit IV: A Brief Survey of Importance Philosophical Ideas

7. Rebirth and Karma
8. Philosophy of Rituals, Bhakti and Tantra.

AIHC & Arch-C-691: Ancient Indian Polity and Administration

Nature of polity and administration and also the idea of state in ancient India are brought to the fore through this course. Nature, scope and origin of state in ancient India alongwith the concept of Saptāṅga theory is discussed in the first unit. Kingship and its functions and the existence of democratic elements in the form of Republican states form the subject matter of second and third units respectively. Administrative paraphernalia and the intricacies of war and diplomacy are analysed in the fourth unit whereas principles of taxation are sought to be established in the fifth unit.

Unit I : Concept and Origin of State

1. Theories about the origin of State
2. Nature and Scope of State
3. Aims and Functions of State
4. Saptāṅga theory

Unit II : Principles of Ancient Indian Polity

5. Kingship-Role, duties and concept of divinity
6. Mantripariṣad - composition, functions and scope

Unit III : Democratic elements in ancient Indian polity

7. Republican States
8. Democratic Institutions: Sabhā, Samiti, Vidatha, Paura - Jānapada

Unit IV : Administration and Administrative Units

9. Inter-state relationship and diplomacy : Upāya, Śadgunya and Maṇḍala theories
10. Military administration and ethics of war
11. Administrative system under the Mauryas, Guptas, Rāṣṭrakūṭas and Colas

Unit V : Principles and Process of Taxation

12. Nature and concept of Taxation
13. Types of Taxation

All C & Arch-C-602: Ancient Indian Palaeography and Epigraphy

Epigraphy, an important source of historical reconstruction, needs no argument. This course introduces to the students the significance and reliability of some of the important Indian inscriptions. Beginning with meaning, scope and relevance of Palaeography and Epigraphy in general, the antiquity of writing and the origin of Brāhmī script are discussed in first two units. Some of the important Pre-Kuṣāṇa, Kuṣāṇ-Gupta and Post-Gupta inscriptions are analyzed in third, fourth and fifth units respectively.

Unit I : Definition and Scope of Palaeography and Epigraphy

1. Meaning and scope of Palaeography and Epigraphy
2. Epigraphy as a source of history.

Unit II : Beginning of Writing and Script

3. Antiquity of writing in India
4. Brāhmī script: Theories of origin and Aśokan Brāhmī
5. Origin of Kharoṣṭhī script

Unit III : Development of Script

6. Aśokan Brāhmī script
7. Kuṣāṇa script
8. Gupta script

Unit IV : Historical and Cultural Study of Aśokan, Pre-Kuṣāṇa and Kuṣāṇa Inscriptions

9. Rummindēi Pillar Inscription
10. Besanagar Garuḍa Pillar Inscription
11. Sarnath Bodhisattva Image Inscription of Kaniṣka I

Unit V : Historical and Cultural Study of Gupta and Post-Gupta Period

12. Mehrauli Iron Pillar Inscription of King Candra
13. Kahaum stone pillar Inscription of Skandagupta
14. Aihole inscription of Pulakeśin II.

Note : Inscription for Decipherment of Unit IV

AIHC & Arch-C-603: Ancient Indian Numismatics

The basic thrust of this course is to establish the relevance and significance of Numismatic studies in ancient Indian history. Beginning with the antiquity of coins, early Indian coinage forms the subject matter of first two units. When Indo-Greeks, Śakas and Kuśāṇas came to India the quality and quantity of coins increased tremendously. This is established in the third unit. Main features of Sātavāhanas and Gupta coins are discussed in the fourth unit whereas the coins of early medieval period alongwith the Cola coins are dealt with in the last unit.

Unit I : Antiquity and Scope of Coinage

1. Definition and scope of Numismatics
2. Coins as a source of History
3. Material and techniques of coin-making
4. Barter system and antiquity of coins

Unit II : Early Indian Coins

5. Punch-marked coins
6. Local coins with special reference to Kauśāmbī and Pāṭcāla
7. Tribal coins with special reference to Yaudheyas and Mālavas

Unit III : Coins of foreign rulers

8. Indo-Greek coins: General features: Coins of Deinetrius and Menander
9. Coins of Western Kṣatrapas (with special reference to Nahapāna and Rudradāman)
10. Kuśāna coins : Coins of Kaniṣka I and Huviṣka I
11. Survey of Hūṇa coins

Unit IV : Coins of Sātavāhanas and Guptas

12. Coins of Gautamīputra Śātakarṇi and Vaśiṣṭhiputra Pulumāvi
13. Salient features of Gupta coins

Unit V : Coins of Early Medieval Period

14. Salient features of Kalcuri Coins
15. Cola coins with special reference to Rāja Rāja

*AIHC & Arch-C-604: Ancient Civilizations
(Bronze Age to Iron Age)*

In the process of cultural development, as the requirements of the society increased, craft and trade activities intensified at several centres in old world. In due course of time a drastic change appeared in every sphere of life, be it social structure, religion, science and technology, settlement pattern, trade and commerce. We see urban centres in several parts of the world and a well-established social, economic and administrative institution which need to be studied in order to understand how they shaped the present day world. In this paper an attempt has been made to unravel different facets of ancient Egyptian, Sumerian, Babylonian and Chinese civilizations.

Unit I : Ancient Egypt

1. Art and architecture
2. Economic condition
3. Social condition and administration
4. Religion and science
5. Life and achievements of Ikhnaton

Unit II : Sumer

6. Economic condition
7. Social condition
8. Religion and science
9. Art and architecture

Unit III : Babylon

10. Life and code of Hammūrabi
11. Economic condition
12. Social condition
13. Religion and science
14. Art and architecture

Unit IV : Chinese Civilization

15. Shāng and Chou Age
16. Life and teachings of Confucius

AHIC & Arch-C-605: Principles and Methods of Archaeology

Archaeology is a very important branch of history which preserves the ancient data in its material and contextual form. This course introduces to the students the basic concept of Archaeology. Students have to study history of Indian Archaeology, Methods of Data retrieval, Chronology and Dating Methods, Documentation and Conservation and Preservation of Archaeological objects.

Unit I: History of Indian Archaeology

1. Nature and definition of Archaeology
2. Its relation with other disciplines
3. Development of studies in Archaeology from antiquarian till the present
4. History of Indian Archaeology (from Cunningham to Wheeler)

Unit II: Methods of Data Retrieval and Documentation

5. Aims and Methods of Exploration
6. Methods of Excavations-Vertical and Horizontal
7. Recording of the Excavated Remains
8. Report Writing

Unit III: Chronology and Dating Methods

9. Stratigraphy
10. Methods of Dating- Relative and Absolute

Unit IV: New Trends in Indian Archaeology

11. Marine Archaeology in Indian context
12. New Archaeology

Unit V: Conservation and Preservation

13. Treatment and Preservation of Metal objects
14. Treatment and Preservation of Stone and Ceramics

Recommended Readings:

AIHC & Arch-C-606: History of Science and Technology in Ancient India

Science exists since the dawn of man on the earth. Physical, biological and medicinal sciences have prevailed from the evolution of universe. Food and medicine got importance since the advent of man. Later, astronomy, mathematics, etc. evolved in accordance to the need of society and became an integral part of day to day activity, paving the way for modern scientific achievements.

Unit I : Indus Civilization

1. Metallurgy
2. Mathematics and Astronomy
3. Town Planning
4. Flora and Fauna

Unit II : A brief History of Astronomy in Ancient India

5. Vedic Period
6. Vedāṅga
7. Classical Age

Unit III : A brief history of Chemistry in Ancient India upto NBPW Period

8. Metallurgy : Copper in Chalcolithic to pre-NBPW Period
9. Iron Technology from earliest time to NBPW Period
10. Glass : Technology from earliest time to NBPW Period

Unit IV : An Outline of the development of Mathematics in Ancient India up to Gupta Period.

11. Bakṣāli Mathematics
12. Geometry
13. Algebra
14. Arithmetics

IHC & Arch-EL-08: A History of Western Philosophical Thought

The rich tradition of western intellectual development is reflected through its philosophical thoughts. This paper introduces to the students the salient and distinguishing features and historical background of western philosophy. In the first unit the nature of western philosophy and its relation with science and religion are discussed whereas the basic tenets of Greek Philosophy form the subject matter of the second unit. The medieval western philosophy, overwhelmed by Christian doctrines, is sought to be established in the third unit. In the modern era, philosophy got deeply associated with science and epistemology. This is amply demonstrated by the rise of certain important schools like rationalism and empiricism. This forms the subject matter of the fourth unit.

Unit I: Introduction

1. Nature of Philosophy
2. Relation of Philosophy with Science and religion

Unit II : Greek Philosophy

3. Greek Philosophy before Socrates
4. Socrates
5. Plato
6. Aristotle

Unit III : Philosophical development of Medieval Era

7. Background-Christianity and interference of Church, Domination of Pope etc.
8. Saint Augustin and Saint Thomas Aquinas

Unit IV: Philosophical development of Modern Era

9. Background, Characteristics of modern era, decline of Church, emergence of scientific attitude, intellectuality, individuality etc.
10. Main philosophical thoughts and philosophers
 - (i) Rationalism
 - (ii) Empiricism
 - (iii) Francis Bacon
 - (iv) Immanuel Kant
 - (v) Fredrich Hegel
 - (vi) Karl Marx
