Preface

The *Department of Geography* was introduced in Vasant Kanya Mahavidyalaya in the year 2020. Club Idika created in 2023 within Department of Geography, VKM, takes its name from the Sanskrit word "इडिका"-meaning earth, mentioned in the *Skandapurana*. It embodies the profound belief that:

“Geography is the key to our future”

~Michael Palin

By drawing inspiration from the name itself, the club positions its members as "Earth Stewards": actively engaging with the planet through exploration, fieldwork, and sustainability initiatives. Founded at a time when global environmental awareness is critical, Club Idika signals that understanding the Earth is not just academic- it is essential for shaping tomorrow's world.

Earth day '25

Dated 22 April 2025, Idika began with the earth's occasion itself organizing an one day event. This included a Quiz, a game of Country exploration, Poster making and Zero-waste and a fierce Debate competition. This eventually became an unofficial inauguration of the club itself. Along with the competition commencing, a Nukkad Natak caught the attention across the college itself.

“Success begins when we take the first step, because step by step we reach the top.”

Ocean Day

Dated 04 June 2025, the Department of Geography came together along with the Department of Painting to share a sense of responsibility and collectively alleviate oceanic pollution on the occasion of World Oceans Day [globally celebrated on 08 June]. This awareness session involved a presentation titled “Celebrate Our Oceans”, organized by the faculty itself.

Environment Day

Dated 05 June 2025, the Department of Geography came together along with the Department of Painting to celebrate World Environment Day. On this day, the faculty members undertook a solemn promise to protect our environment and abide by it, followed by a quiz competition where all the faculty were playfully made aware to protect environment, closing the day with plantation activity ensuring a green and safe campus for every individual.

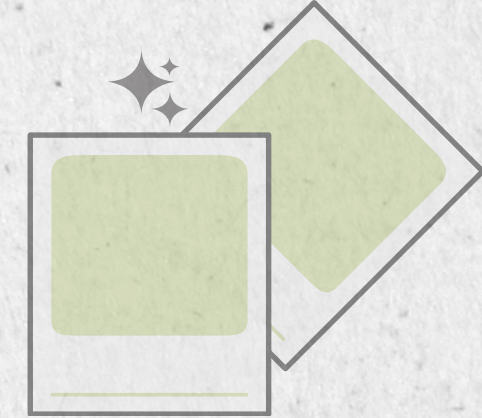

"The environment is where we all meet; where all have a mutual interest; it is the one thing all of us share."

- Lady Bird Johnson
